Subject: Recommendation for Vishnu Vedagarbham

To Whom It May Concern,

It is with sincere pleasure and without reservation that I recommend Vishnu Vedagarbham. He recently completed the Spring 2025 Daily With Doc and Becca internship program with our team, and throughout his time with us, Vishnu proved to be a valuable and highly capable teammate.

During the internship, Vishnu was involved in a variety of projects that were essential to the smooth operation and growth of our program. Their tasks included conducting deep AI research (Notebook LM,) on products, a responsibility that required diligence, analytical thinking, and the ability to synthesize complex information. He also contributed significantly to our SEO optimization planning, demonstrating an understanding of digital strategy and its importance in reaching our audience.

Furthermore, Vishnu gained practical experience in creating landing pages (Bolt.new, Genspark, Windsurf,) and developing social media squares and properties (Canva.) These tasks required both technical aptitude and creative insight, and he approached them with enthusiasm and a willingness to learn.

We were consistently impressed by Vishnu's Extraordinarily positive attitude, work ethic and high quality input. He integrated seamlessly into our team and consistently approached his work with professionalism. He was one of two, true leaders, on our code squad that really took the initiative to push us forward.

We are incredibly grateful for the contributions Vishnu made during his internship. His assistance was invaluable, and the work he completed has had a tangible positive impact on the Daily With Doc and Becca program. Even though he was the youngest of our group, his performance always met or exceeded that of his peers.

Based on his performance during his internship with us, I am confident that Vishnu possesses the skills, dedication, and positive attitude necessary to succeed in future professional endeavors. I highly recommend him for any opportunities that align with his interests.

Please feel free to contact me if you require any further information.

Sincerely,

Atif Joseph, CWHC
Digital Marketing Director
